Greetings!

This is to inform this body that the 2023 PSVIR Accreditation and Training Council members have unanimously approved that the final extension of the expired training hospital accreditation is up to **May 31, 2023** only.

As discussed and finalized as board resolution, the updated reaccreditation fee is **Php 15,000 for 3 years**.

The requirements and details of the accreditation process, including the link for the updated compliance, have been forwarded to the respective training institutions.

May we request the concerned institutions to comply with the deadline since the accreditation status will likely be consequential to the board examination application status of their recent graduates.

Thank you very much.

Kind regards,

Cindy Pearl Sotalbo, MD
Executive Officer
